

Holiday Season

As we grow with our community, our diverse programs grow to accommodate our gymnasts' needs.

Within the next few weeks, we will implement changes and we would like to share them with you and your friends. One of our exciting changes is the addition of Tim O'Connell, one of our team coaches, who will assist our recreational program. Another substantial change is the adoption of a new curriculum, a curriculum that has challenged children in the best gyms throughout the country in recent years.

The new year is the perfect time for change, and we would like to invite you to explore the changes in our programs with a friend. In December 2009, we are offering you an opportunity for you to participate in our changes and “Bring a friend” to Aerial Gymnastics Club. Together, your child and a friend can explore our exciting and challenging curriculum and see firsthand the benefits our programs can provide.

As a token of our appreciation, when you bring a friend to Aerial Gymnastics Club to explore our newly updated programs, we would like to say thank you by giving you a coupon to attend our new open gyms.
